Title: Value of Output of Soviet Land Armaments 1950-1959

Intelligence Problem: To provide a paper that will satisfactorily explain the methods employed and results obtained in estimating Soviet expenditures for land armaments. The need for the paper stems from commander interest in a greater level of detail than heretofore published.

Principal Concerns: COM and USIB Agencies

Date of Report: NR

Page-Range: 400

Due Date: February 1960
25X1A9a

Anticipated Publication Date: April 1960

Abstract: [REDACTED]

Provisional Outline: I Armored vehicles
II Weapons
III Ammunition

Example: A presentation of the detailed methodology and data employed in estimating Soviet expenditures for land armaments.

Title: Soviet Bloc Arms Trade With Underdeveloped Countries

Intelligence Problem: To keep studies of this trade up to date. The current pattern of Soviet expansion of this trade suggests its continuation.

Principal Concern: CMB and UNID Agencies

Type of Report: RR

Page-count: 300

Run Date: 25 June 1960

Anticipated Publication Date: August 1960

Analyst: [REDACTED]

Preliminary Outline: I. Volume of trade by country
II. Value of trade by type of equipment

Focus: A determination of the extent of additional shipments of Soviet arms to underdeveloped countries and of new contracts and the value of the equipment involved in these transactions, by type.

Title: The Soviet Military Establishment and the Balance of Payments

Intelligence Problem: Soviet trade in military goods--and other transactions of a related nature--have, in addition to being a means of economic and political gain, an effect on the extent and burden of Soviet expenditures for their own military establishment. It is in view of the latter aspects that this project is proposed. The recent expansion of such trade with underdeveloped countries and the volume of it within the Bloc--particularly with Communist China--make the need more pressing.

25X1X7

Principal Consumer: ONE, USIB agencies, [REDACTED]

Type of Report: NR

Man-hours: 800

Due Date: May 1960
25X1A9a

Anticipated Publication Date: July 1960

Analyst: [REDACTED]

Preliminary Outline:

- I Trade in military goods
 - A Intra-Bloc
 - B Bloc-nonBloc
 - C Effect on military expenditures
- II Occupation and other costs

Appendix: Organization

Precis: An experimental project to determine the extent of Soviet trade in military goods, and of related transactions, and the effect of these on the estimates of their military expenditures and the relative economic burdens thereof.

NE-D

Title: Soviet Military Prices and Ruble-Dollar Ratios

Intelligence Problem: To maintain the currency of OHR Project 39.2383. The organization and format of the paper on this subject currently nearing completion are designed to permit replacing specific sections as they are modified or changed and thereby keeping consumers up to date.

25X1X7

Principal Consumer: USIB agencies, [REDACTED]

Type of Report: RR

Man-hours: 300

Due Date: August 1960

25X1A9a

Anticipated Publication Date: October 1960

Analyst: [REDACTED]

Preliminary Outline:

- I Personnel
- II Operations and Maintenance
- III Procurement
- IV Construction
- V Research and Development
- VI Other Programs and Activities

Precis: To maintain the currency of the existing comprehensive paper by replacing such pages and sections as are required by new research.

Title: Clothing and Clothing Supply Expenses of the Soviet Military Establishment
25X1X7A

Intelligence Problem: To provide [REDACTED] and other interested consumers with a detailed analysis of clothing costs for Soviet military personnel. This project will support the military cost contribution to NIE 11-4-59.
25X1X7

Principal Consumer: The USIB agencies, support to ONE and others

Type of Report: RR

Man-hours: 700

Due Date: May 1960
25X1A9a

Anticipated Publication Date: July 1960

Analyst: [REDACTED]

Preliminary Outline:

- a. Clothing distribution procedures and associated organization.
- b. Discussion of clothing issue to officers and enlisted men.
- c. Discussion of clothing storage and repair.
- d. Estimate of costs of clothing issue and repair per man.
- e. Estimated clothing costs for the Soviet military establishment.
- f. Tests for reliability of the estimates.

Focus: A presentation of a detailed statement of the data and analysis underlying the estimated costs for clothing issue and supply for the Soviet military establishment.

25X1X7

Title: Food and Food Supply Expenses of Soviet Military Establishment

Intelligence Problem: To provide [REDACTED]

25X1X7

[REDACTED] and other interested consumers with a detailed analysis of food costs for the Soviet military personnel. This project will support the military cost contribution to NIE 11-4-59.

Principal Consumer: USIB agencies, support to ONE and others

Type of Report: RR

Man-hours: 600

Due Date: May 1960

25X1A58

Anticipated Publication Date: July 1960

Analyst: [REDACTED]

Preliminary Outline:

- a. Food distribution procedures and associated organization.
- b. Discussion of the food ration allowances.
- c. Discussion of food storage and handling.
- d. Estimate of costs of food, food handling and storage per man.
- e. Tests for reliability of the estimate.
- f. Estimated food cost for Soviet military establishment.

Precis: A presentation of a detailed statement of the data and analysis underlying estimated food costs for the Soviet military establishment, including the estimated costs of handling and storage.

ME-G

Title: Soviet Air Forces Personnel Pay 25X1X7

Intelligence Problem: To provide [REDACTED]

25X1X7

[REDACTED] and other interested consumers with a detailed statement of the analysis and data underlying the air force personnel pay aspects of the contribution to NIE 11-4-58 & 59.

Principal Consumer: USIB agencies, support to ONE and others

Type of Report: RR

Man-hours: 500

Due Date: February 1960

25X1A9a
